## Notes & Lyrics Space

Mother earth is hurting
We call it climate change
They say we can't prevent it
But we mustn't stay the same

Ice whispered goodbye
To the poles last night
Waves keep time
With a world losing its light

If we turn the pages
rewrite the lore
find a way to heal
what we've ignored

Αν γυρίσουμε σελίδα
αρχίσουμε ξανά
υπάρχει αυόμα ελπίδα
Ν' αλλάξουν τα παλιά

Jei versime puslapius
Perrašysime pasakojimą
Rasime būdą išgydyti
ką ignoravome

Notes & Lyrics Space

Se voltiamo le pagine
Scriviamo di nuovo la storia
Troviamo un modo per curare
Quello cheabbiamo ignorato

Si on tourne la page avoir le pouvoir
de changer l histoire
Trouve un moyen de changer
ce qu' on a ignoré

Everywnere you go
You see our nature dying
Trees can not grow
And garbage is our foe.

If we turn the pages
Rewrite the lore
find a way to heal
what we've ignored
